

Hebrew Language Project – Collaboration Opportunity

We are currently seeking native Hebrew speakers for an ongoing language data project. The project involves multiple roles, all guided by clear instructions and quality standards.

Roles We Are Hiring For

Voice Artist (Hebrew – Native)

Task: Voice recording based on provided scripts

In some cases, we might ask you to create the script as well.

Speakers may be asked to deliver natural, conversational speech

Detailed recording guidelines will be provided

Compensation: USD \$25–30 per hour

Transcriptionist (Hebrew – Native)

Task: Transcribing Hebrew audio files accurately

Must follow provided transcription guidelines strictly

Audio files and reference scripts will be shared

Compensation: USD \$5 per hour

Nativity Checker

Task: Verifying whether the audio or text sounds native and authentic

Focus on accent, pronunciation, and linguistic naturalness

Compensation: USD \$3–\$5 per hour

Conversational Checker

Task: Reviewing conversations for natural flow, clarity, and realism

Ensures the dialogue sounds human-like and contextually correct

Compensation: USD \$5 per hour

General Requirements

Applicants must be native Hebrew speakers

Clear guidelines and instructions will be provided for each role
